The annual meeting of the Young Men's Improvement club was held on Tuesday evening, April 2. There was a large attendance and much interest was manifested. The club has made a good showing financially the past year. Its indebtedness has been materially reduced and the list of membership showed a gain over last year. The president, vice president, and secretary-treasurer were reelected. The new house committee is headed by Chas. T. Bean; literary and entertainment, A. H. Groat; membership, C. D. Pratt; and general committee, C. S. Emery. The outlook for good work the coming year is promising. The dormitory is full and has a waiting list.

NEWPORT

Geo. D. Walworth was in Montreal Sunday.

C. M. Bailey spent the week end in Boston and Berkely, Mass.

Miss Marion Newland is spending the Easter holidays at home.

Alfred Gale has been up from Worcester for a few days' visit to his parents, Mr. and Mrs. Thomas C. Gale.

Mrs. Kate Ide, who has spent the winter with her sister, Mrs. Camp, has returned to her former home in St. Johnsbury.

H. L. Baker, who has spent the winter in town, has rented a house in North Troy and will soon go there to take up his residence.

Marshall Clement of Springfield, Mass., was in town Tuesday of last week to attend the funeral of his sister, Miss Sylvia Clement.

E. H. Burgess of New Haven, Conn., formerly resident here and bookkeeper at the International mill, was in town last week Tuesday.

The barber shop in C. R. Moore's building lately occupied by Philip Clark has been refurbished by J. B. Vigneault, who has gone into business there.

Rev. Benjamin W. Atwell, who as state Episcopal missionary established St. Mark's church here, died last week in Newton, Mass., at the age of 75 years.

Mr. and Mrs. H. D. Hall of Boston, who some time ago purchased the Wright property on School street, have returned, and it is reported will reside here permanently.

The ball given by the order of Railway Clerks at School hall on Thursday evening of this week will probably be well attended as special efforts are being put forth by the committee for an extra good time.

O. S. Dane has been able to be at his desk in the B. & M. freight office for a few hours each day notwithstanding the fact that he is in poor health. His many friends are hoping for speedy improvement in his condition.

The school directors of the Newport Supervisory District, comprising Newport, Coventry and Irasburg and the incorporated districts of Newport and Newport Center reelected E. A. Hamilton as superintendent for the coming year.

Joseph Guerdon has taken a room at the Young Men's Improvement club. Hu Audette who formerly lived at the club has finished his labors with the American Clothing Company and has gone to Swanton, where he has employment.

Wednesday bargain days seem to be popular and our merchants offer some liberal discounts from regular prices each week. The practice will be kept up so long as the public seem to desire it. A list is published in the local paper each Friday.

John Chisholm, for the past five years sawyer for the firm of Prouty & Miller, has severed his connection with this concern and went Saturday to Megantic, P. Q., where he has similar employment. The best wishes of many friends will accompany Mr. Chisholm to his new location.

A new brass band has been organized at West Derby, which will operate for a time at least under the instruction of E. E. Scott. As the Newport band has been given its customary inducement in a financial way, the community ought to be well supplied with music during the coming summer.

Young America is much in evidence these spring days, each bare spot of sidewalk, as soon as comfortably dry, being appropriated for the favorite game of marbles, and now it is baseball on every patch of grass ground. The small space in which a full sized game of ball can be played successfully is truly wonderful.

The regular monthly meeting of the Civic Improvement association was held on Tuesday evening of last week at the Library. Various subjects of interest to the community were discussed, among them being the scheme for the improvement of the water front along Coventry Road. This thoroughfare is surely susceptible of much improvement and it would not matter much what was done to it.

Seldom is Newport so completely isolated as was the case on Monday, following the storm and warm wave of Saturday and Sunday. No trains reached us from about 8 p. m. Sunday night till late in the day Monday. The stage from Island Pond was unable to reach here Monday. Washouts on the railroads at Boynton, P. Q., and in the swamps south between Newport and Coventry on the Boston and Maine, and near Brigham Junction on the C. P. R. were responsible for the tie up.

A New Fire Proof Garage for Newport.

Believing that the time has arrived when local autoists and tourists touching at Newport should have the privilege of a modern fireproof garage, True & Blanchard Company are making preparations for the erection of such a building, to be ready for occupancy the coming summer. This building will be located on a lot in the rear of their store, with approaches from both Main street and Northern avenue. The size is 30x85 feet, basement and two floors. It will be built of concrete or concrete and brick, with steel frame and concrete floor, and will be provided with modern appliances for the handling of auto work in an economical and satisfactory manner.

P. R. West has been engaged as steward at the Melpremagog Yacht club for the coming season which opens May 1st. Mr. West has filled this position in previous years to the general satisfaction of the club. The prospects for a good season for the club are very bright. The finances of the organization are in a satisfactory condition and prospects for new members and the retention of the old seem favorable. Several new motor boats will be added to the fleet already registering over fifty. The work which has been done by this club for the development of the lake is well known and that which can yet be done is hardly to be estimated.

Special Easter exercises were held at all the churches here on Sunday evening, April 7. At the Methodist church a special musical program was rendered by the following artists: Mrs. Alice Hutchinson Irvine, soprano; Miss Cladie Smith, violin; Miss Ruth Stevens, pianist and A. B. Reed, organist. The church was well filled and the entertainment very fine. At the Congregational church a cantata, "The Ten Virgins" by A. N. Gaul, was sung by a large chorus assisted by Albert Blier, tenor, and local soloists, under the direction of Rev. L. A. Edwards. The audience was large considering the weather. Easter Sunday was warm and beautiful until night when a cold rain storm set in, making very unfavorable weather for the special services.

Miss Sylvia Clement, whose death was mentioned last week, was formerly a milliner and dressmaker at Orleans, from which place she went to California, where she resided for several years. She came here from Los Angeles about 16 months ago. Last November Miss Clement was received into the Congregational church here by letter from the First Congregational church of Los Angeles and her pastor, Dr. Day, gave a very hearty commendation of her character and service. She leaves four brothers, W. H. Clement of Newport, A. O. Clement of Ingleswood, Cal., L. M. Clement of Springfield, Mass., and H. W. Clement of Ontario, Oregon. The funeral was held Tuesday from the home of W. H. Clement, Rev. L. A. Edwards officiating, and the body was placed in the tomb at West Derby and will be buried at Irasburg.

Mr. and Mrs. Amos Piper of East Charleston visited their son George and family a day on their way to Wilder, where they expect to stay for some time with their son Roy and family.

This community was shocked and saddened to learn of the death of John Bly in Florida, where he and his family were for the winter. Much sympathy is expressed for his relatives, especially the wife and small children.

Mrs. Willis Willey died the first of last week of pneumonia at her home in Newport, N. H. Mrs. Willey lived here a number of years and made many friends, who with the husband in New Hampshire and two step sons, Howard of this place and Norman of Barton, a niece, Mrs. John Powers and nephew, Jay Labounty, both of this place, will sincerely mourn her death. She had been in poor health for the past two years or more. The stepsons both attended the funeral which was held at her late home.

Mrs. Napoleon Therrien, Burlington, Vt., says: "While suffering from a severe case of kidney trouble, I was advised to try Foley Kidney Pills. After taking them a short time they cured me and I cannot recommend them too highly as a sure and quick cure for all kidney trouble." F. D. Pierce.
